

# REBUILD BY DESIGN

An Initiative by the President's  
Hurricane Sandy Rebuilding Task Force

In Collaboration With:  
NYU's Institute for Public Knowledge  
Municipal Art Society  
Regional Plan Association  
Van Alen Institute

## You're Invited

Please join us for a public reception on Monday, October 28 as the Rebuild by Design teams unveil their resiliency-driven ideas!

Evening Reception at NJIT  
6:00 - 8:30 pm  
150 Bleeker Street  
University Heights, Newark, NJ  
Campus Center, 2nd Floor  
RSVP: [tinyurl.com/rbdnjit](http://tinyurl.com/rbdnjit) | [Map](#)

This is a critical moment for the Rebuild by Design project and a perfect occasion to learn more about the teams' visions to make our region more resilient. The proposals follow three months of in-depth analysis and public outreach, including both one-on-one conversations with people living in affected areas and robust guided conversations with Design Teams and citizens.

Rebuild by Design is an initiative of the President's Hurricane Sandy Rebuilding Task Force, designed to conceive and execute resilient recovery projects in our region that are both fundable and achievable with the purpose of rethinking how we build our cities and towns. This event will lead up to a selection of projects each team will pursue in the next phase of this process.

**This event is free and open to the public.**
